Andela Products manufactures equipment and systems for glass; mixed/broken glass, bottle, plate, windshield, CRT/TV, Pulverizers, breakers, trommel screens, surge hoppers and conveyors are custom designed for selective reduction and separation of glass from residue. Products are cullet or pulverized glass, a processed glass aggregate without sharp edges.

Armortog®, a division of CW Mill, focused on providing top quality, extreme duty replacement parts including screens, lips, hammers, and other replacement parts for all brands and models of industrial grinders, specializing in RIGID HAMMER grinding applications. Armortog is the extreme duty brand of aftermarket grinder parts for all grinders.

AutoDrain® EXPERTS IN VEHICLE DEPOLLUTION
AutoDrain Wakefield Rd., Rothwell Haigh Leeds, West Yorkshire, LS2 6SB, UK +44-113-288-0022 www.autodrain.net pauldixon@autodrain.net

AutoDrain has traded for over 15 years and developed a reputation for providing durable and effective equipment for the depollution of End of Life Vehicles. In recent times the company has begun a program of change that has seen internal investment, recruitment and the ongoing development of both product range and processes. This drive to improvement has delivered not only growth in our original market but a diversification into rails, transport and manufacturing sectors.
